

ANNOUNCEMENT

RCD Welcomes New President/GM

Please join us in the welcoming of our New President/GM, **Gerald (Jerry) Brimmer**. Jerry brings significant business experience and expertise in growing and improving technology-based businesses with an emphasis on customer relationships. He is a people and customer-centric individual with a strong history of developing highly engaged teams which ideally suits him to RCD's family culture and brings a strong Engineering and Business acumen to lead RCD to the next level.

Receiving his MBA from UCLA Executive Program and BSEE Magna Cum Laude from California State University, Jerry has been a hands-on leader with over 30 years in the electronics manufacturing space. His technical leadership is the sum of growing from production technician to the Engineering Director level. His engineering experience is enhanced with additional roles in Sales, Marketing & Product Management in both small and large company environments.

We are happy that he landed here. Please don't hesitate to reach out.

MJ Allen, Sales Manager

RCD Components, a GCG Company
